Finally, a party game for the most persnickety of word game fans!

Quick. Think of a word containing BOTH letters. An animal name with an L and D?... Leopard! A place that contains an R and a B?... Barnyard! How about a verb that contains a P and E?... Explode!

Easy to learn and simple to play, Duple® will challenge you to quickly turn two letters into a word. Players take turns flipping letter cards. When the symbols on two player's cards match, the matching players race to shout out a word that contains the letters on both cards.

Sound easy? Think again! Answers must conform to ever-changing categories, Wild Cards and Revealed Matches create unexpected face-offs, and the All-Play card gets everyone competing at once.

Great for mixed ages, Duple combines the brain-bending challenge of a word game with the laughter and conversation of your favorite party games!
